

# fiji

a sun, fun  
and dive  
adventure

“volivoli blew me away, the  
diving was like nothing i have  
ever experienced in my life”

## Come to Volivoli Beach Resort

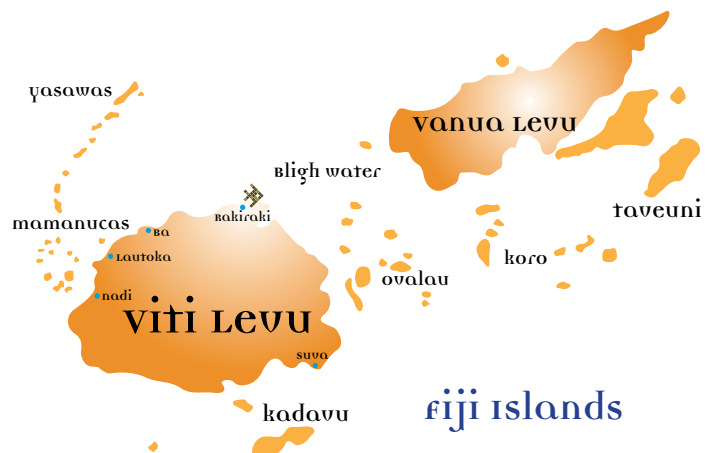

Volivoli, or “white sand” in the local dialect, was named after the stunning sand bar that stretches more than 260 feet out to sea, marking the most northerly point of Viti Levu. Volivoli Beach Resort is surrounded by 20 acres of tropical gardens and is close to many spectacular dive sites. The resort offers a range of brand new, air-conditioned, comfortable, modern accommodations including deluxe hotel rooms with two queen beds — or upgrade to your own private luxury villa — both have uninterrupted ocean views. Dine at the new restaurant with its locally grown, renewable hardwood floor and comfortable tropical furniture overlooking the pool and Bligh Waters, swim up to the pool bar, participate in various sporting activities, or sample Fijian culture — Volivoli has it all.

## Get ready to dive

Volivoli Beach Resort is the home of Ra Divers, catering to all levels of divers staying at the resort. Beginners can get certified with a PADI or SSI Open Water Diver Course. Divers will find a variety of marine life including Gray, Black and White Tip Sharks. The reefs in Bligh Waters are the most colorful and healthiest on the planet. Very few people have the opportunity to dive these waters; therefore, the reefs are pristine with fantastic visibility. This dive destination and Bligh Waters, also known as The Soft Coral Capital of the World live up to and exceed expectations.

## for more information...

Volivoli Beach Resort is located off the Kings Road in Rakiraki, a scenic, two hour drive from Nadi.

# why make **volivoli** beach resort, fiji islands your next **dive destination?**

Set among 20 acres of tropical gardens, Volivoli is the ultimate dive vacation experience. Brand new with modern amenities, here are just some of the advantages:

- Fabulous ocean views from all accommodations.
- **Wifi and internet access.**
- Family-run resort and dive operation — owners are on site, ready to answer questions or concerns.
- One of a few resorts in Fiji that has an actual BEACH.
- Free kayaking, hiking, sand volleyball. Swim-up pool bar, open-air recreation room with big screen monitor for viewing dive photos, pool table, air hockey, dart board. (Kava drinking with the crew if you are so inclined!) For a small fee, water sports with four jet skis and all the inflatables you imagine to pull behind the ski boat. Paraponting (paragliding), guided group tours of the Rakiraki area and boat ride to a working fishing village on a neighboring island.
- In-house dive shop on the beach with locked gear storage area. Leave your gear set up on the boat and find it there, rinsed and ready for your dive the next morning.
- A dedicated dive resort, Volivoli offers the only way (except by expensive live-aboard) to access the best diving sites in Fiji, the soft coral capital of the world, including the pristine reefs of the Bligh Waters, famous for its breathtaking underwater display of brilliant fish and astounding pelagic creatures.
- VBR/RA Divers has over 15 years experience diving the Bligh Waters, and is the oldest continuously operating dive service on Viti Levu. Currently the only dive operator in the area with boats powerful enough to whisk divers out to the famous Vatu-I-Ra passage on a daily basis. **Nitrox availability planned for May 2012.**
- Dive boats are less than three years old, equipped with VHS radio, GPS and all safety equipment including oxygen.
- Located on the main island of Viti Levu — no inter-island flights to contend with. This means the net cost is less, and there are no weight restrictions other than international airline baggage weight restrictions. The group can dive the same day they arrive in Nadi.
- Gorgeous sunsets!

**Fun. Sun. Dive.** Whatever you want...it's here. Call or e-mail for more information.
